

# You Broke Through [D, 150 bpm]

[Default Arrangement]

## VERSE 1

I am broken, I am alone  
Even though everything looks like  
I have it all under control  
I am indifferent, I don't even care  
Even though down in the depths of  
my soul I am gasping for air

## PRE-CHORUS

With my heart of stone, I'm not letting go  
But my life's a mess, Where is hope in this?

## CHORUS 1

God break through, Please break through  
Through every wall of defense that is  
keeping my heart from you  
God break through, Please break through  
Even when everything in me is  
fighting what you want to do, God break through

## VERSE 2

Up on the hillside, There you were killed  
Slain by the hands of your enemies  
just as your Father had willed  
Buried in grave clothes, Deep in the tomb  
Sealed with a stone and the weight  
of our sin that could never be moved

## CHORUS 2

You broke through!, God you broke through!

Through every wall of defense that was  
keeping our hearts from you  
You broke through!, God you broke through!  
Even when everything in us was  
fighting what you came to do  
Jesus you brokethrough!, Lord you brokethrough!

## BRIDGE

Make this heart of stone Into one of flesh  
Do the work that you came to accomplish  
It is finished now, Jesus you have won  
Let the veil between you and me be undone  
Every stumbling stone, Every enemy  
They will be removed for you have rescued me  
I am crying out, From the deepest part  
Let the Spirit take residence in my heart

## CHORUS 3

You broke through!, God you broke through!  
Through every wall of defense that was  
keeping my heart from you  
You broke through!, God you broke through!  
Even when everything in me was  
fighting what you came to do  
Jesus you brokethrough!, Lord you brokethrough!
